Insurance terms and conditions for travel insurance
VB-RS 2018 (JRV-RRV/UG-D)

We are HanseMerkur Reiseversicherung AG and our headquarters are located in Hamburg. You are our contract partner, referred to as the policyholder, if you have taken out an insurance policy with us.

If you have insured yourself, you are also the insured person. You may also have (jointly) insured other persons. We also refer to any such persons in these insurance terms and conditions as “you”.

For ease of readability, we usually use the masculine form. This is always intended to include the feminine form.

Sections A, C and D apply to all types of insurance. The individual insurance policies in Section B apply if they were requested and included in the insurance certificate.
Section A – General provisions

1. Insurance cover

1.1 Who is covered by insurance?

1.1.1 The persons covered are those specified by name in the insurance policy or the group of persons specified in the insurance policy.

1.1.2 Unless otherwise agreed:

– Couples insurance applies to 2 persons. It is not necessary for the persons to be related to each other.
– Family insurance applies
  – to at most 2 adults and
  – at least 1 accompanying child (no more than 7 children) up to their 21st birthday.

It is not necessary for the persons
– to be related to each other
– to share residence.

1.2 When does the insurance cover start?

1.2.1 For all trips that are booked after insurance is taken out, insurance cover shall begin once the premium has been paid. For trips that have already been booked, insurance cover only applies for travel cancellation insurance if

– insurance was taken out at the latest 30 days prior to departure or
– at the latest 3 working days after booking.

For the travel curtailment insurance, insurance cover only applies if the policy was taken out prior to departure. The journey is deemed as having begun, as soon as you enter
– the booked and insured means of transport or
– the booked and insured object.

If the policy is only taken out after departure, insurance cover shall only be provided for subsequent trips

1.2.2 Insurance cover is valid for any number of temporarily insured trips that are booked or have commenced within one year.

1.3 When does the insurance cover end?

1.3.1 For travel cancellation insurance, as soon as you enter

– the booked and insured means of transport or
– the booked and insured object.

For other insurance policies the insurance cover shall end
– upon completion of the trip,
– at the latest 56 days after the trip.

If the insurance year ends during a trip, insurance cover shall only continue if the policy is not terminated.

1.3.2 Is your trip lasting longer than originally planned? If this not your fault, we will extend your insurance cover until the end of the trip.

1.4 What trips are included under the insurance cover?

1.4.1 The insurance cover applies for worldwide trips abroad.

1.4.2 We define a trip as temporary absence from your permanent residence. The trip must include 1 overnight stay. The holiday destination refers to a linear distance of at least 50km from your permanent residence.

2. The insurance policy

2.1 By when and for how long does your policy need to be concluded?

2.1.1 You may take out your insurance policy at any time. It shall commence on the agreed date for a period of one year (insurance year). The policy shall be extended by another insurance year if it is not terminated by you in writing within one month prior to expiry.

2.1.2 Statutory provisions concerning the right to extraordinary termination remain unaffected.

2.1.3 The insurance policy shall end upon your death or when you move away from the Federal Republic of Germany. The insured persons may extend the insurance policy within 2 months of the policyholder's death or of the policyholder moving away by nominating a future policyholder.

2.2 When do we pay compensation?

2.2.1 We will pay within 2 weeks. This is subject to the following conditions:

– that our obligation to pay, the reasons and the amount have been determined.
– that the necessary evidence – which becomes our property – is available.

The time to the deadline is suspended if you are responsible for our being unable to check your claim.

2.2.2 We convert your costs in a foreign currency using the exchange rate to EUR on the day the records are received. The official exchange rate applies unless you acquired the currency to pay the bills at a less favourable rate. We may subtract the following costs from your benefit:

– costs for the transfer of benefits abroad or
– for special forms of transfer that you requested.

2.2.3 You may have insurance cover for trips from other insurers as well. If you consequently have claims against other insurers, these take priority.

You are not entitled to more benefit in total than the costs actually incurred. If you have a claim for benefit from several insurers, you can choose the insurer from whom you make the claim.

If you make the claim from us first, we will reimburse you the costs insured by this tariff. We will then clarify with the other insurers whether and how they participate in the costs.

You can read further information on this in clause A.5.2.3.

2.3 Which legislation applies to the insurance policy?

In addition to these provisions, Insurance Contract Act (VVG) and German law shall apply.
2.4 When do claims to benefits lapse?
Any claims arising from this insurance contract expire by limitation in 3 years. The expiry is measured from the end of the year in which the claim can be made. If you have made a claim, the expiry period is suspended until our decision is sent to you.

2.5 What is the court of jurisdiction?
You can submit a complaint against us to the Court responsible for the district:
– where we have our headquarters,
– where you have your place of residence,
– where you are normally present, if you do not have a fixed place of residence.

2.6 In what form should a statement that you make to us be?
Declarations of intent and notifications to us must be in writing (letter, fax, email, electronic data carrier, etc.). The language of the policy is German.

3. Notes on the payment of the insurance premium

3.1 Payment of the first premium?
3.1.1 The first premium is due as soon as you have received the insurance certificate and the premium invoice.
3.1.2 If you pay the premium at a later date, insurance cover shall only commence from this date onwards. However, this applies only if you are responsible for non-payment and if we set out this consequence to you in writing or electronically, e.g. in the insurance certificate.
3.1.3 If the first premium is not paid on time the HanseMerkur will be entitled to terminate the contract so long as the premium remains unpaid. We cannot withdraw from the contract if you can demonstrate that the reason for non-payment is beyond your control.

3.2 Payment of subsequent premiums
3.2.1 The subsequent premium applies for one insurance year. It is due at the beginning of each insurance year.
3.2.2 Should you fail to pay subsequent premiums on time, we may provide you with a written request for payment and set a payment deadline of at least 2 weeks. If you have still not paid by the end of the payment deadline, no insurance cover shall be provided from this point in time until payment is made, and we may terminate the policy. This shall apply only if we referred you to this consequence together with the payment request.
3.2.3 If we terminate the policy and you pay the amount required within one month of receiving the termination, the policy shall continue. However, no insurance cover is provided for insurance events that have occurred between the date of termination and the date of payment.

3.3 Premium amount
You can find the premium amount for individuals or families in the Premium Overview. The premium amount is divided into contribution levels. It is based on:
– the age of the insured person and
– the insured price of the trip.
3.3.1 If you no longer qualify as a family per the definition outlined above, we will switch your policy to the rate for individual insurance valid at the time of the switch. This takes place by the next payment deadline. The policy shall be switched to the contribution level closest to 50% of the trip price you have insured. You are not notified of this separately.
3.3.2 Insured children shall be switched over to a rate for individual insurance valid at the time of the switch at the end of the insurance year in which they have their 21st birthday. The policy shall be switched to the 1st contribution level for individual insurance, though the trip price to be insured shall be at least EUR 1,000. You are not notified of this separately.
3.3.3 If you turn 65, we will switch the contribution level over to the contribution level valid from the age of 65 onwards starting from the next premium payment. You are not notified of this separately.
3.3.4 If the premium amount changes, you may terminate your policy within two months of the change from the time the change came into force.

3.4 Collection of premiums
If you have agreed to the premium being collected from your account by direct debit, this will take place as soon as the mandate has been set up. The payment is considered to have been made in a timely manner if the premium can be collected on the due date, and you do not dispute collection. If we are unable to collect the premium due for a reason beyond your control, the payment shall still be considered to have been made on time if you make said payment immediately after receiving a request from us.

4. Restrictions to the insurance coverage
We do not provide cover if:
- you attempt to make fraudulent representations to us as to the circumstances which are material to the grounds for providing cover and the amount of insurance benefits.
- you have caused the damage intentionally.

Note: please see also the restrictions in insurance cover for the individual insurance policies in Section B.

5. General notes for the claim

5.1 To whom can you direct the claim?
In emergency, our 24-hour emergency call service is here to help you. You can reach it at any time from anywhere in the world. You can send your claims in any form to:
HanseMerkur Reiseversicherung AG, Abt. RLK/Leistung,
Siegfried-Wedells-Platz 1, 20354 Hamburg, email: reiseleistung@hansemerkur.de.
For travel cancellation insurance and travel curtailment insurance (holiday guarantee), you can also use our online form.

5.2 What general duties (obligations) do you have in the event of a claim?
5.2.1 You should make every effort to keep the claim as low as possible and avoid anything that could lead to an unnecessary increase in costs.
5.2.2 All information about the claim that you provide must be truthful and complete. You must provide us with any information that we need in order to determine:
- whether an insured event has occurred and
- whether and to what extent we will pay benefits.
5.2.3 Compensation claims against third parties shall be transferred to us as per the statutory regulation and up to the amount of the benefit paid. We shall ensure that this does not disadvantage you. You are also obligated to assist, if necessary, in asserting the claim for compensation.

Note: Please also refer to the obligations to be observed under the various types of insurance policies set out in Section B.

5.3 What legal consequences result from failures of duty (breaches of obligations)?
If you fail in one of the duties specified above or breach the obligations of the individual insurance policies in Section B, we will be entirely or in part freed from liability. In this, we comply with the regulations of § 28 (2.4) of the Insurance Contracts Act (VVG). You will find these in Section C.

Section B – Details of the individual insurance policies

1.1 What benefits are insured?
If an insured event occurs, the benefits below are insured up to the level of the sum insured.

1.1.1 Cancellation costs
If you do not start the trip or a seminar, we will pay the contractually required cancellation costs. This also includes any agency fee up to EUR 100 per person or rented property. This assumes that you have allowed for this in the sum insured.

1.1.2 Additional expenses for the outbound journey and unused travel services
Have you been delayed in starting the trip? We will reimburse you for the additional outbound journey costs of the type and quality originally booked.

Have you failed to benefit from booked and insured travel services due to late departure? We will reimburse you for the costs of these travel services. If the costs for the individual parts of the trip cannot be objectively proved (e.g. package deals), we reimburse the unused travel days in proportion to the overall length of the trip. The compensation in this case is calculated as follows:

\[
\text{Unused travel days} \times \frac{\text{price paid for the trip}}{\text{original length of the trip}} = \text{compensation}
\]

The days of departure and return are counted as full travel days.

We shall reimburse the additional outbound journey costs and unused travel services up to the amount of cancellation costs that would have been incurred if the trip were cancelled.

1.1.3 Costs of changing bookings
If you change the booking for your trip, we will reimburse you for the rebooking costs arising from such. We shall reimburse these up to the amount of cancellation costs that would have been incurred if the trip were cancelled.

Are you rebooking the flight up to 42 days before the start of the trip, without an insured event having occurred? We will reimburse the rebooking costs up to EUR 30.00 per person or room.

1.1.4 Single room supplements
Have you booked a double room with a person at risk who has to cancel the trip due to an insured event? We will reimburse you for:

- the supplement for a single room and further ebooking fees or

The reimbursement is limited to the amount of cancellation costs that would be incurred if the booking were entirely cancelled.

We pay up to the amount of cancellation costs that would be incurred if the trip were immediately cancelled. The compensation is limited to EUR 1,500 per person.

1.4 When do I have to pay a deductible?
Unless we have otherwise agreed in the insurance certificate, there is no deductible.

§ 28 Non-observance of an incidental obligation
(2) Where the contract provides that the insurer is not obligated to effect payment in the event of the non-observance of an incidental obligation on the part of the policyholder, he shall be released from the liability if the policyholder intentionally breached the obligation. In the case of a grossly negligent non-observance of the obligation, the insurer shall be entitled to reduce any benefits payable commensurate with the severity of the policyholder’s fault; the burden of proof that there was no gross negligence shall be on the policyholder.

(3) Notwithstanding subsection (2), the insurer shall be liable insofar as the non-observance of the obligation neither caused the occurrence or the establishment of the insured event nor the establishment or the extent of the insurer’s obligation to effect payment. The first sentence shall not apply if the policyholder fraudulently breached the obligation.

(4) The condition on which the insurer’s entire or partial release from liability in accordance with subsection (2) is based shall, in the event of a violation of an existing duty to provide information or duty of disclosure after the occurrence of an insured event, be the fact that the insurer instructed the policyholder in separate correspondence and in writing of this legal consequence.

§ 86 Assignment of claims
(1) If the policyholder is entitled to claim damages from a third party, this claim shall be assigned to the insurer insofar as the insurer compensates for the loss. The claim may not be assigned to the detriment of the policyholder.

(2) The policyholder shall safeguard his claim for damages or a right serving to safeguard this claim in accordance with the applicable form and time requirements, and shall assist the insurer wherever necessary in asserting them. If the policyholder intentionally breaches this obligation, the insurer shall not be obligated to effect payment insofar as he cannot as a result claim compensation for it from a third party. In the event of a grossly negligent breach of the obligation, the insurer shall be entitled to reduce the benefits payable commensurate with the severity of the policyholder’s fault; the burden of proof that there was no gross negligence is on the policyholder.

(3) If the policyholder claims compensation from a person with whom he is sharing a common household when the loss occurs, assignment in accordance with subsection (1) cannot be asserted, unless that person intentionally caused the loss.

Section D – Clarifications
We want to ensure that you understand your policy in full. Consequently, we are explaining the special insurance term “unexpected severe illness” and providing examples for you. Please note that the examples are not exclusive.

You are insured against unexpected serious illness by this policy. The illness has to be “unexpected” and “serious”. First, we define the criterion “unexpected” and in the next step we provide examples for “serious” illness.

Case 1: Every first occurrence of an illness after the insurance is taken out and after the trip is booked is considered to be unexpected.

Case 2: A repeat incidence of an illness is also insured, if no treatment for this illness was given during the last 2 weeks before the insurance was taken out.

Case 3: An unexpected deterioration of a pre-existing illness is also insured, if no treatment for this illness was given during the last 6 months before the insurance was taken out or in case of existing insurance contract, before the journey was booked.

Regularly conducted medical examinations to establish the state of health are not counted as treatment. The examinations are not being carried out because of a specific occurrence and do not serve to treat the illness.

Example of a “serious illness” (not exclusive):
– the treating physician certified an unfitness to travel, or
– the medical impairment certified by the doctor is so severe that the insured person is unable to perceive the main travel service due to symptoms and complaints arising from the illness, or
– due to this medically certified illness of a person at risk, the presence of the insured person is needed.

Example of an “unexpected serious illness” for the travel cancellation insurance (not exclusive):
– The insured person takes out insurance for a trip that has been booked. Shortly before departure, she has a heart attack for the first time.
– The mother of the insured person is diagnosed with inflammation of the lung after the insurance has been taken out and the trip booked. Due to the illness, the mother is dependent on the care of the insured person.
– At the time when the insurance is taken out, the insured person has an allergy. No treatment for the allergy has been given during the last 6 months before the insurance was taken out. Before departure, a strong allergic reaction occurs. The doctor providing treatment establishes unfitness to travel due to the intensity of the allergic reaction.

Example of an “unexpected serious illness” for the travel curtailment insurance (not exclusive):

– The insured person takes out insurance for a trip that has been booked. Shortly after departure, she has a heart attack for the first time.

– The mother of the insured person is diagnosed with inflammation of the lung after the insurance has been taken out and the trip has started. Due to the illness, the mother is dependent on the care of the insured person.

– At the time when the insurance is taken out, the insured person has an allergy. No treatment for the allergy has been given during the last 6 months before the insurance was taken out. After departure, a strong allergic reaction occurs. The doctor providing treatment recommends early return from the journey due to the intensity of the allergic reaction.

Not all the cases that can be imagined are insured. Examples where there is no “unexpected serious illness” (not exclusive):

– The insured person suffers from an illness which progresses in phases (e.g. multiple sclerosis, Crohn’s Disease). Treatment for the pre-existing illness has been given during the last 6 months before the insurance was taken out or the trip was booked. Consequently, the illness is not insured.
